

Agreeing / Disagreeing

Key Structures

To say we agree

I totally agree with them
I'm of the same opinion as them
I share their point of view / their opinion
I usually go along with my kids
I feel the same as you

To say we disagree

I don't agree / I disagree with you there
I don't see things in the same light
I take a different view
I can't go along with you on that

And now a dialogue between Harvey and Debbie

He Doesn't Share My Opinions

Harvey: What's your partner's view on political commit?

Debbie: He doesn't share my opinions at all when it comes to politics we don't see thing in the same light, but we both agree I should continue and more importantly, we never disagree on anything else. We see eye to eye about how to bring up the children and where to go on holiday.

I Agree With Every Word She Said

Debbie: What did you think of the MVP speech of the economic situation.

Harvey: I think she was brilliant with every word she said. She's always right.

Debbie: Don't you agree she was over optimistic?

Harvey: Oh no, she was 100 percent right.

Debbie: I'm afraid I am not of the same opinion as you on that issue.

Harvey: Ok let's talk about something else. How are the kids?
