## **Now a dialogue between Wentworth and Sarah**

### **How was it?**

- Wentworth: Daniel's party was last Saturday. How was it?
- Sarah: It was fantastic. There were a lot of people. Students from the class and other colleges. The room was packed.
- Wentworth: Was the party at his place?
- Sarah: Not at all. He had rent a place because he was in a hurry. It was a last minute arrangement so he was offered a little room.
- Wentworth: A little room? How large was it?
- Sarah: About 80 meters squared. As Daniel is Italian, there were other Italians at the party. I don't know how many we were, but the place was crowded. There was about 20 chairs and three sofas and a dozen stools in the room
- Wentworth: Most of you were standing up?
- Sarah: Yes, we were. There was a buffet. Only cold dishes. As he is a vegetarian, there were only veggies. Sorry there were vegetables and cereal pies and nibbles. Some snacks were with beef flavored tofu, but absolutely no meat. There was organic cider and beer, but also smoothies. It was a nice swaure. I loved the juices, pineapple, coconut, grapefruit and tangerine. It was a lovely leaving party.
- Wentworth: It certainly sounds like it.
